SKILLS

Design & Research: User Research, Usability Testing, UI Design, Interaction Design, Enterprise UX Design, Information Architecture, Design Systems, Prototyping, Wireframing, Accessibility, Data Visualization

Tools: Figma, Sketch, GitHub, Claude Code

Process: Agile/Scrum, Requirements Analysis, Cross-functional Collaboration, Stakeholder Presentations, Stakeholder Negotiation, AI-Assisted Design Workflows

PROFESSIONAL EXPERIENCE

Product Designer

Venturus, Campinas, SP, Brazil | Feb 2022 – Aug 2026

- Owned end-to-end design, from research through post-launch review, for multiple features within an enterprise workflow platform coordinating production line, build, and equipment data, supporting concurrent use across multiple operational roles for a Silicon Valley hardware manufacturing client.
- Replaced manual, spreadsheet-based workflows prone to version conflicts with a structured digital system reaching approximately 1,300 registered users at 62% adoption.
- Reframed a stakeholder-requested feature after user research showed it would confuse its intended audience, then realigned scope through recurring stakeholder presentations.
- Conducted user interviews across roles and nationalities to define upgrade requirements and surface risks before they reached development.
- Initiated and built a documentation system using AI-assisted development, including a searchable user guide site and an in-product chatbot, and created a reusable AI workflow that converts technical requirements into user documentation.
- Ranked highest in UX/UI satisfaction among account projects in a formal stakeholder survey.

UX and Graphic Designer

Boavista Tecnologia, Fortaleza, Brazil | Feb 2021 – Feb 2022

- Redesigned the commercial sector workflow for a financial solutions company as part of a rebranding initiative, cutting sales pitch time by over 5 minutes.
- Led the rebranding process across all customer-facing materials.
- Designed marketing materials, including websites, landing pages, newsletters, and webinars, that contributed to a 100% increase in lead conversion.
- Mentored IT trainees on researching, planning, and designing financial reconciliation solutions.

Earlier Experience: UI/UX & Graphic Design

Brazil | 2017 – 2021

- **Freelance, UI/UX Designer (2020-2021):** Prototyped interfaces and implemented monetization mechanics for the Sebrae DEV gamification project; coordinated small teams and sub-contracts using agile methods.
- **Mamatheka, UI/UX and Graphic Designer (2020):** Built an e-learning course for interactive totems that cut fintech onboarding training time by 50% using gamification.
- **Bardo Comunicação, Graphic Designer & Social Media Coordinator/Inter (2017-2019):** Led a multidisciplinary team of designers, illustrators, and copywriters producing social, advertising, and web content for healthcare, fashion, and restaurant clients.

EDUCATION

- Digital Product Leadership, Tera, Brazil (2023–2024)
